## ***Thank you.***

The civil rights of people across the DC metro region and throughout the country are violated every day. They experience discrimination, poverty, lack of affordable housing, schools without necessary resources, inadequate access to public accommodations, police misconduct, and more.

We stand with them, and you, in defending their rights. For 50 years the dedicated attorneys and advocates at the Washington Lawyers' Committee for Civil Rights and Urban Affairs have worked closely with the private bar to litigate cases large and small, advocate policy changes, and volunteer in schools.

With your support we can continue to create a more just and fair community for everyone. Thank you.
